INTRODUCTION.

WITH the Catalogue in their hands, the admirers of good Coins and Medals, will hardly look to the preface for information concerning its contents; yet, rather in conformity to custom, than for any useful purpose, the writer begs to offer a few suggestions.

The large number of Fine Crowns, will attract the attention of the reader, as well as the extraordinary fullness and quality of the Medals in the American Department of the Collection. The Colonials are not wanting in fine and rare examples, and the same may be said of the Mint Series, in which the Half-Cent of 1796 appears with several rare patterns.

The number of English Coins is not large, but the Cromwell Series, and Crown of Elizabeth, are unusually fine.

In a word, it is an interesting collection, the sale of which will afford amateurs another opportunity for the exercise of their favorite pursuit, and a pleasant exchange of greetings at CLINTON HALL.
